(2) The tariffs levied and collected under subparagraph (1) shall be based on —

(2) The Commission may, at any time, for the purpose of the annual reconciliation referred to in subparagraph (1), request a distribution licensee to provide such information or other supporting documents within the period specified in the request, or any extension of time granted by the Commission.

(3) Upon receiving the request under subparagraph (2), the distribution licensee shall provide such information or other supporting documents within the period specified in the request or any extension of time granted by the Commission.

(4) After the annual reconciliation under subparagraph (1) is carried out by taking into consideration the information or other supporting documents referred to in subparagraph (3), the Commission shall issue a report to the distribution licensee.

(5) Notwithstanding that the information or other supporting documents requested under subparagraph (2) are not provided by the distribution licensee under subparagraph (3), the Commission shall proceed with the reconciliation under subparagraph (1) and issue a report to the distribution licensee.
